

Your Partner In Digital Excellence

We are specialized in increasing your business income and bringing in more innovative solution to your services.

Cyber Security

We deliver wide range of cybersecurity solutions, spanning from applications to infrastructure

Infrastructure

Our infrastructure services encompass the Network, Security, and Compute layers

Digitization

Our digitalization services cover everything from web and mobile app development to ERP solutions

About Our Company

Trezbon is a technology solutions provider dedicated to empowering organizations through digital transformation. With a focus on innovation, reliability, and customer-driven value, we help businesses build secure, scalable, and future-ready technology ecosystems

What We Do

We empower organizations with end-to-end digital transformation—from cybersecurity and infrastructure services to cutting-edge web, app, and ERP solutions—delivering secure, scalable, and future-ready technology

Cybersecurity Technology Ecosystem

Vendor-Aligned Solutions Across Enterprise Cyber Domains

End-to-end implementation, integration and managed services across Trezbon's certified cybersecurity vendor ecosystem.

ENDPOINT, XDR & THREAT DETECTION

- **CrowdStrike**
EDR, Cloud Security & Threat Intelligence Platform
- **Malwarebytes**
Endpoint Protection & Remediation for Enterprise
- **TechOwl**
Breach Attack Simulation, Dark Web Monitoring & Compliance
- **Sophos**
Next-Gen Endpoint & Managed Threat Response (MDR)
- **Netwitness**
Evolved SIEM, UEBA, XDR & Network Forensics
- **Gurucul**
Next-Gen SIEM, AI SOC Analyst, Identity Analytics

NETWORK, APPLICATION & API SECURITY

- **Akamai**
DDoS, WAF, Microsegmentation & API Security, AI Firewall
- **txOne Networks**
Zero Trust Security for OT & ICS Environments
- **Redseal**
Cyber Risk Modeling & Network Exposure Analysis
- **Certes Networks**
Zero Trust Software-Defined Data Protection (LAN/WAN)
- **Phosphorus**
IoT Security Platform for Enterprise Infrastructure

IDENTITY, ACCESS & ZERO TRUST

- **Entrust**
PKI, Passwordless Auth, MFA, SSO & IoT Security
- **Xage**
Zero Trust Security for OT Environments (MFA/SSO)
- **Wallix**
Privileged Access Management & Session Recording
- **AppGate**
Direct-Routed ZTNA with Single Packet Authorization

DATA SECURITY, CLASSIFICATION & DLP

- **Fortra**
Classification, DLP, PT, MFT, SEG, DMARC & CDR
- **GTB Technologies**
Discovery, Classification, DLP, Watermarking & Device Control
- **Fasoo**
Data Discovery, Classification, DRM & Watermarking
- **Netwrix**
Data Access Governance, AD Security & File Integrity

SIEM, SOAR, ANALYTICS & THREAT INTELLIGENCE

- **Securonix**
Cloud-Native SIEM & UEBA with Behavioral Analytics
- **Cribl**
Unified Data Ingestion & Observability Pipeline
- **GROUP-IB**

Digital Business & Enterprise Platforms

ERP, Automation, Cloud-Native & Data Solutions for Digital Transformation

Trezbon partners with leading vendors to digitize operations, automate workflows and modernize enterprise IT landscapes at scale.

ERP & ENTERPRISE APPLICATIONS

- **SAP**
SAP advisory Solutions, Implementation and Customization
- **Microsoft**
Microsoft Dynamics 365 ERP/CRM & Power Platform Suite
- **Salesforce**
CRM, Sales Cloud, Service Cloud & Customer Engagement
- **Oracle**
Oracle ERP Cloud, Database, HCM & Fusion Applications
- **Zoho**
Integrated Business Suite — CRM, HR, Finance & Analytics

BUSINESS PROCESS AUTOMATION & INTEGRATION

- **Microsoft Power Platform**
Low-Code Automation — Power Automate, Apps & BI
- **Oracle Integration Cloud**
Pre-Built Connectors, Process Automation & API Mgmt
- **Salesforce Flow**
Declarative Process Automation Across Salesforce
- **SAP Integration Suite**
API Management, Event Mesh & Business Tech Platform
- **Zoho Creator**
Custom App Development & Workflow Automation

CLOUD-NATIVE & OPEN SOURCE PLATFORMS

- **Red Hat**
OpenShift, RHEL, Ansible & Hybrid Cloud Management
- **Oracle Cloud**
OCI Infrastructure, Autonomous DB & Cloud-Native Services
- **Microsoft Azure**
Cloud Infrastructure, App Services, DevOps & AI/ML
- **Zoho Catalyst**
Serverless Platform for Cloud-Native Application Dev

DATA, ANALYTICS & INTEGRATION

- **SAP Analytics Cloud**
Business Intelligence, Predictive Analytics & Planning
- **Microsoft Power BI**
Enterprise Reporting, Dashboards & Real-Time Analytics
- **Zoho Analytics**
Self-Service BI & Embedded Analytics for Business Teams
- **Oracle Analytics**
Self-Service BI, Data Visualization & AI Insights
- **Salesforce Data Cloud**
Unified Customer Data Platform — Ingestion & Activation

COLLABORATION, PRODUCTIVITY & DIGITAL WORKPLACE

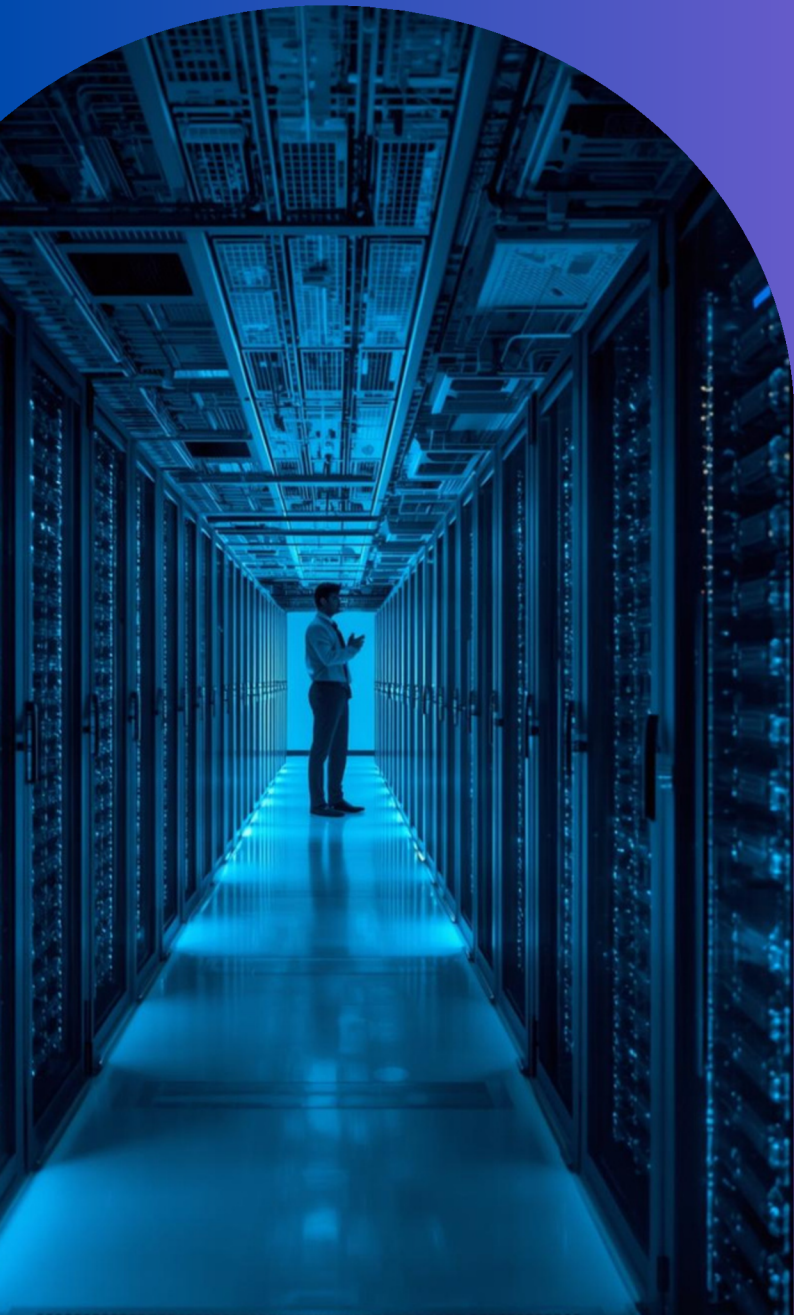

- **Microsoft 365**
Teams, SharePoint, Exchange & Copilot for Productivity
- **Salesforce Slack**
Enterprise Messaging, Workflow Automation & Digital HQ
- **Zoho Workplace**
Mail, Cliq, WorkDrive & Meeting — Collaboration Suite
- **Oracle HCM Cloud**
Human Capital Management — Talent, Payroll & Learning

Web & Mobile App Development

- **UI/UX Designing**
Design intuitive and user-focused interfaces
- **Mobile App Development**
High-performance mobile applications for Android
- **Web Application & Software Development**
Custom web applications and business software
- **AI Chatbots & Conversational Automation**
Custom AI Chatbot Development, LLM-powered Conversational AI

Partners

Infrastructure & Cloud Technology Partners

Scalable, Secure & High-Performance IT Infrastructure Solutions

Trezbon designs, deploys and manages enterprise infrastructure across a certified multi-vendor ecosystem of networking, security, cloud and compute partners.

NETWORKING & DATA CENTER

- **Cisco**
Switching, Routing, Wireless, SD-WAN, Data Center & SDN (ACI), Unified Communication - CUCM design, Deployment, Voice & Telephony
- **Fortinet**
FortiGate NGFW, SD-WAN, FortiSwitch & FortiAP Wireless
- **Juniper**
AI-Native Enterprise Wired & Wireless Networking
- **Aruba**
Wired, Wireless and SD-Branch Environment (Edge Connect)
- **Arista Networks**
Cloud-Grade Switching, EOS Fabric & CloudVision Management
- **SolarWinds**
NPM, NTA, NCM & Full-Stack IT Observability
- **Arista Networks - VeloCloud**
Cloud-delivered WAN edge platform, SD-WAN
- **Extreme Networks**
Cloud-native wired, wireless and SD-WAN solutions

SECURITY & SECURE ACCESS

- **Forescout**
Agentless NAC, Device Visibility & OT/IoT/IoMT Security
- **Zscaler**
Cloud-Native ZTNA (ZPA), SWG (ZIA) & Zero Trust Exchange
- **Fortinet ZTNA**
Identity-Based App Access within Fortinet Security Fabric
- **AppGate**
ZTNA — Direct-Routed Architecture & SPA Cloaking
- **Netskope**
CASB, ZTNA & Real-Time Cloud Data Protection
- **Arista Networks NAC – AGNI**
Cloud & Identity Based – NAC Solution

CLOUD & HYBRID INFRASTRUCTURE

- **Microsoft Azure**
IaaS, PaaS, Azure Stack, AVD, Sentinel & Defender for Cloud
- **Google Cloud**
GKE, BigQuery, Anthos Hybrid Cloud & Workspace Enterprise
- **Amazon AWS**
EC2, VPC, S3, GuardDuty, Transit Gateway & Cloud-Native
- **VMware**
vSphere, vSAN, NSX-T Network Virtualization & Aria Suite

HYPERCONVERGED INFRASTRUCTURE & COMPUTE

- **Nutanix**
HCI, Prism, AOS, NC2 Multi-Cloud & Nutanix Security Central
- **HPE**
ProLiant, Alletra Storage, Synergy Composable & GreenLake
- **Dell Technologies**
PowerEdge Servers, PowerStore, PowerFlex & VxRail HCI
- **VMware vSAN**
Software-Defined Storage, HCI & Stretched Clusters

OBSERVABILITY & IT MANAGEMENT

- **SolarWinds**
Full-Stack Observability — NPM, IPAM, SAM & Service Desk
- **Cisco DNA Center**
Intent-Based Networking, Assurance & Automation
- **Gigamon**
NPB, Network TAP, Network-Derived Intelligence for Security & Performance
- **Arista Networks – Packet Broker (DMF)**
Packet Broker, Policy Control, Visibility and Troubleshooting,

INFRASTRUCTURE CABLING, AUDIO-VISUAL and ELV SERVICES

- **CommScope, Panduit**
Cat6/7/8 installation, Patch panels, horizontal & backbone cabling
- **Schneider Electric (APC), Huawei Digital Power**
Server racks & cabinet installation, structured routing & labelling standards
- **Hikvision, Axis Communication**
IP & Analog CCTV Systems, Video Management Systems
- **Logitech, Cisco Systems, Crestron**
Boardroom & Meeting room AV solutions, Video Conferencing Systems

Trezbon provides comprehensive Managed Services — including ongoing 24/7 support, AMC coverage, and end-to-end project management — to keep your technology running smoothly, securely, and efficiently.

Managed Services

Comprehensive technology solutions overview

OUR SERVICES

Tailored technology services for your business needs

SECURITY OPERATION CENTRE	• 24x7 Security Monitoring & Alert Triage (L1/L2/L3) • SIEM / SOAR Operations & Management • Security Compliance Monitoring & Reporting • Incident Response Readiness & Threat Hunting
PROJECT MANAGEMENT	• Scope, Schedule & Budget Management • Risk, Issue & Change Management • Quality Assurance & Stakeholder Communications • Vendor Management & Resource Planning
AMC SERVICES	• Monitoring, Compliance & Regular Health Checks • Patches, Firmware & Software Updates • Repairs, Replacement & Rapid Troubleshooting • System Optimisation & Preventive Maintenance
NETWORK OPERATION CENTER	• 24x7 Security Monitoring & Alert Triage (L1/L2/L3) • Software and patch management • Security Compliance Monitoring & Reporting • Incident Response Readiness & Threat Hunting

UNIQUE VALUE PROPOSITION

Trezbon Technologies offers **24/7 managed services** focused on security, optimisation, and operational continuity, ensuring your business thrives in the competitive GCC market while maintaining the highest standards of service and support for our valued clients.

Annual Maintenance & Managed Services Coverage

Enterprise SLA-Backed Support Across Your Full Technology Stack

Vendor-certified AMC and Managed Service agreements with defined SLAs across networking, security, infrastructure, cloud and virtualization.

**24x7 Monitoring
& Support**

**Patch & Firmware
Management**

**Preventive
Maintenance**

**Incident Response
& Escalation**

**SLA-Based
Support Models**

NETWORK DEVICE AMC — CISCO ARISTA FORTINET SOLARWINDS

- **SmartNet / TAC Support**
Cisco hardware replacement, SW updates & 24x7 TAC access
- **Fortinet FortiCare**
Firmware updates, UTM subscriptions & technical support SLAs
- **Network Health Reviews**
Quarterly proactive health checks, config audits & baselining
- **Arista SWSS**
EOS updates, CloudVision support & NBD hardware replacement
- **SolarWinds Maintenance**
Software updates, technical support & online training access
- **On-Site Field Engineering**
Certified engineers for break-fix, upgrades & MAC activities

SECURITY PLATFORM AMC & MANAGED SECURITY SERVICES

- **NGFW / UTM Support**
Signature updates, policy tuning, firmware & TAC escalation
- **SIEM / SOAR Management**
Log onboarding, rule tuning, playbook maintenance & alerts
- **Security Health Dashboard**
Monthly security posture reporting & executive briefings
- **Endpoint Security Mgmt**
AV/EDR policy management, agent health & incident triage
- **Vulnerability Scanning**
Scheduled scans, remediation reporting & risk score tracking
- **IR (Incident Response) Retainer**
Pre-agreed incident response capacity with defined SLAs

SERVERS, STORAGE & HCI AMC — NUTANIX DELL HPE VMWARE

- **Nutanix NX / HCI**
AOS/AHV updates, Prism monitoring & LCM lifecycle management
- **HPE Pointnext & GreenLake**
Server/storage support, Alletra checks & consumption model
- **Backup & DR Assurance**
Job monitoring, restore testing & RTO/RPO validation
- **Dell ProSupport**
Next-day on-site, firmware compliance & ProManage advisory
- **VMware SnS**
vSphere, vSAN & NSX-T updates, SR management & TAC support
- **Capacity Planning**
Quarterly utilization reporting, growth modelling & refresh

CLOUD & VIRTUALIZATION MANAGED SERVICES — AZURE AWS GCP

- **Cloud Cost Optimisation**
Reserved instances, right-sizing & FinOps spend management
- **Patch & Update Management**
OS patching, runtime updates & vulnerability lifecycle
- **SLA Monitoring**
Multi-cloud uptime dashboards & incident management
- **Security Posture (CSPM)**
Cloud compliance, identity governance & threat detection
- **Cloud Network Operations**
VPC/VNET health, transit gateway & SD-WAN integration
- **Migration Hypercare**
Post-migration optimisation, architecture review & support

SLA SUPPORT TIERS

- **Essential**
8x5 | NBD Hardware | Remote Support
- **Premium**
24x7x365 | 2-Hour Hardware | Dedicated TAM
- **Advanced**
12x7 | 4-Hour Hardware | Remote + On-site
- **Enterprise**
24x7x365 | Mission-Critical SLA | On-Site Standby
